## **TRAUMA CARE ASSISTANCE REVOLVING FUND SUMMARY**

Senate Bill 290 established the Trauma Care Assistance Revolving Fund (Trauma Fund) in 1999. This bill provided for the reimbursement of uncompensated costs associated with the provision of trauma care by recognized trauma hospitals and ambulance services (emergency medical services, EMS). In 2004, House Bill 1554 added physicians to the providers eligible for reimbursement from the Trauma Fund. Rules governing the Trauma Fund can be found in the Oklahoma Administrative Code, Title 310, Chapter 669

([http://www.ok.gov/health/Protective Health/Emergency Systems/Trauma Division/Trauma Care Assistance Revolving Fund/index.html](http://www.ok.gov/health/Protective_Health/Emergency_Systems/Trauma_Division/Trauma_Care_Assistance_Revolving_Fund/index.html)).

The Trauma Fund is a continuing fund that is available from year to year to support the public health safety net required to provide appropriate emergency medical care to severely injured patients. Current sources of revenue for the Trauma Fund include renewal and reinstatement fees for driver licenses; fines for second/subsequent convictions for driving without a license, convictions for driving under the influence, failure to maintain mandatory motor vehicle insurance, violating the Open Container law, speeding, and drug-related convictions; and the Tobacco Tax. The Trauma Fund receives approximately \$26 million annually from all sources for disbursement from the Trauma Fund. Ninety percent of the funds collected will be distributed among physicians, hospitals, and EMS providers during each future disbursement period; up to 30% of each disbursement is earmarked specifically for physicians.

Since 2001, the Trauma Fund has paid more than \$256 million to trauma care providers - hospitals received 82%, EMS 7%, and physicians 11% of the total amount disbursed. Disbursements have been provided primarily to physicians in the following areas of specialty:

Anesthesiology	Hand Surgery	Otolaryngology
Cardiovascular Surgery	Hospitalist	Pediatrics
Thoracic Surgery	Internal Medicine	Plastic & Reconstructive Surgery
Critical Care Surgery	Neurological Surgery	Radiology
Emergency Medicine	Neurology	Trauma
Family Medicine	Oral Maxillofacial Surgery	Vascular Surgery
General Surgery	Orthopedic Surgery	

A new payment methodology was put in place in October 2014 with monthly disbursements for each Trauma Fund period (Period 1: October 2014-March 2015 and Period 2: April 2015-September 2015). This change only affected hospitals and EMS; physicians continued to receive biannual disbursements. Although payments occurred monthly, all providers continued to submit applications twice a year.

This 2015 report reflects \$28 million in disbursements from October 2014 to September 2015 for care provided from January 1, 2013 to December 31, 2013. Additional information regarding each monthly installment and the amount disbursed to providers can be found
